

# Remote Viewing Intensive Registration

(To be completed by participant prior to attending workshop)

Remote Viewing classes provide experiential hands-on training. Through lecture and actual remote viewing sessions participants learn the art and science of remote viewing, a practical skill they can utilize at any time on their own following training.

In consideration of the services provided and/or any benefits that I may acquire, educational or otherwise, arising out of the workshop activities in which I intend to participate, I hereby release and forever discharge Star Gate Seminars, the Monroe Institute, Paul Elder, his agents, representatives and employees, from all claims and demands whatsoever. I hereby expressly declare that any such activities are entered into by me voluntarily in an effort to increase my knowledge of the subjects under investigation.

I have read, understand, and agree to the above.
